"I can hardly imagine any situation more uncomfortable than to be locked alone with me in a room for that long…"

~Wang, 2011

<u>Friendly</u>

From now on, any transgression of your hall boundaries will be considered an act of war and if I catch you in my territory 4N you will be captured and punished by terrible bondage and torture until you sign your conditionless capitulation, in which case I will plunder all of you hall funds. *~Wang, 2011*
