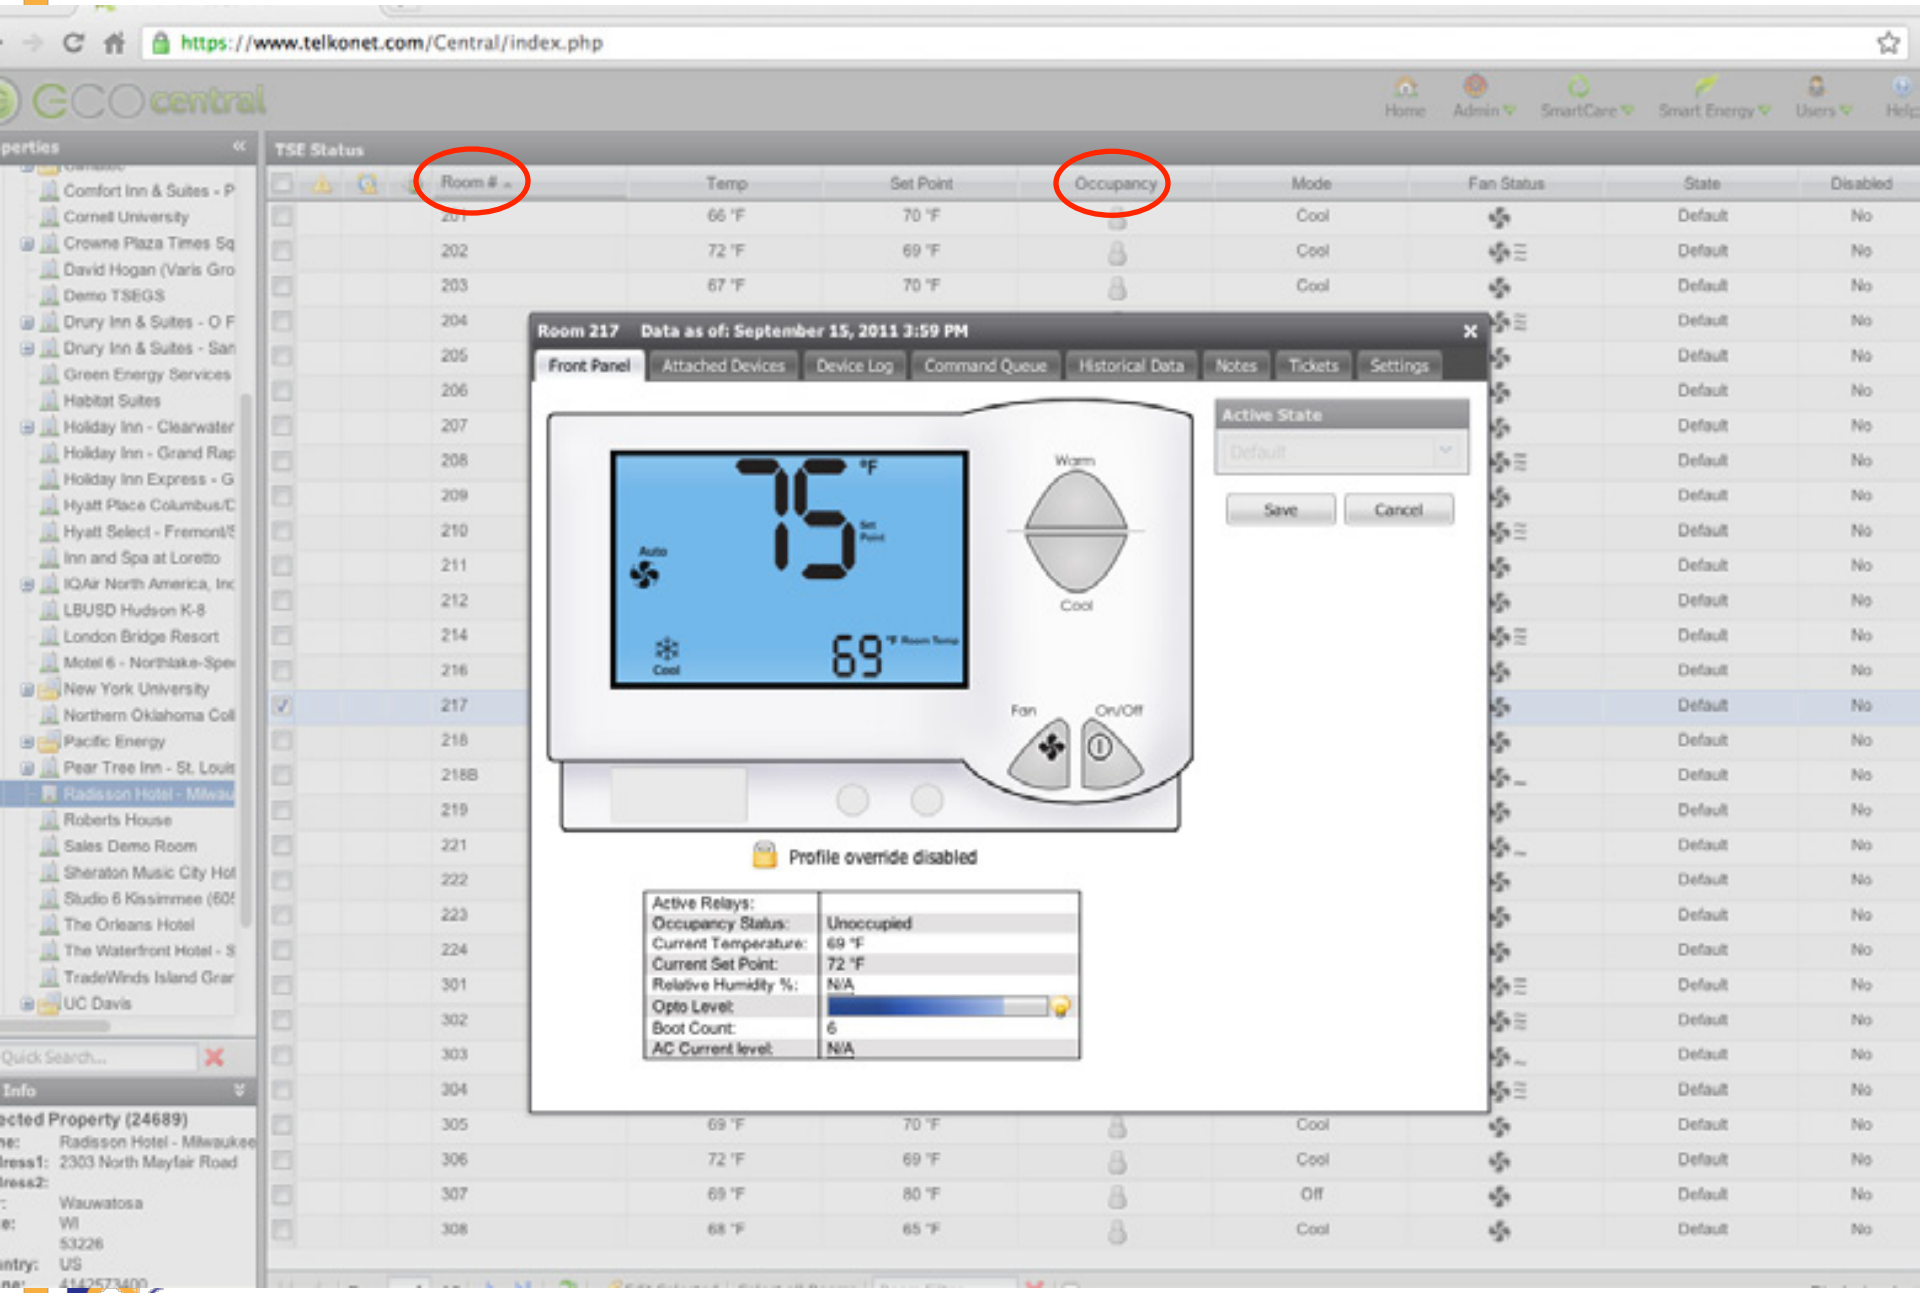
SP Thermostat Upgrade: A Brave New World of Privacy Violation

Better Together

SP's new thermostats monitor room occupancy!

- Telkonet EcoSmart System
- All thermostats on network
- Occupancy sensors installed in rooms
- Occupancy and thermostat status reported to Telkonet
- Data available to ???

Better Together



From Telkonet *EcoSmart for Higher Education* datasheet

We propose the following to protect resident privacy:

1. Written statement of data access policy (MIT *and* Telkonet)
2. Written statement of privacy and data-use policy (MIT *and* Telkonet)
3. Statement in lease notifying lessee of occupancy monitoring
4. Proof that appropriate security measures have been taken to protect this data both in transmission and in storage.

What do you think should be done to protect your privacy?
